

Comprehensive Plan

A Comprehensive Plan is a community’s guide for growth and improvement to public services, community resources, local policies, and the built environment. The plan represents the preferred vision for the community’s future and provides a tangible list of actions that the community is committed to undertaking to achieve that vision. It is intended to provide guidance to local elected officials on land use patterns, the existing needs of facilities and services, and the protection and enhancement of quality of life within the community.
